Re: WC Docket No. 05-196

**Subscriber Notification and Acknowledgement Status
and Compliance Reports**

In compliance with Public Notice DA 05-2085, dated July 25, 2005, we submit the following:

1. ***A detailed description of all actions the provider has taken to specifically advise every subscriber, prominently and in plain language, of the circumstances under which E911 service may not be available through the interconnected VoIP service and/or may be in some way limited by comparison to traditional E911 service. This information should include, but is not limited to, relevant dates and methods of contact with subscribers (i.e., e-mail, U. S. mail);***
 - a. On July 28, 2005 our office sent out a detailed letter to each of our 16 subscribers. These 16 subscribers consist of 100% of all of our subscribers registered for our VOIP service on that day. These letters were sent Express Mail, Certified Return Receipt Requested. Attached as Exhibit A is:
 - a. Copy of the letter sent;
 - b. Express mail payment receipts; (attached are copies of the Express Mail Receipts for the 16 subscribers)
 - c. Receipt of delivery for these subscribers. (To date we have received 6-signed Return Receipts, which copies are attached.)
 - b. On July 29, 2005, our office sent a letter by regular mail to the same subscribers.
 - a. A copy of this letter is attached as Exhibit B.

No. of Copies rec'd _____
List A B C D E _____

- c. On 8/1/05 and 8/2/05, the staff of Tufone, called each customer, and explained the difference between the Standard 911 and the 911 offered by Tufone, Inc. (A copy of the script read to them is attached as well as an affidavit by each employee as to the results. These calls resulted in calling 21 subscribers as 5 new ones had signed on with our service. One subscriber came into the office and excuted her acknowledgement. (Exhibit C).
- d. Additionally, we have sent by e-mail directions on how to access the site to acknowledge their understanding of the 911 systems.

2. A quantification of how many of the provider's subscribers, on a percentage basis, have submitted an affirmative acknowledgement, as of the date of the report, and an estimation of the percentage of subscribers from whom they do not expect to receive an acknowledgement by August 29, 2005;

- a. To date we have received affirmative acknowledgement, either by mail or orally, from 21 out of our 21 registered users.
- b. We expect to receive Affirmative Acknowledgements from all of our users by August 29, 2005. This includes our original 16 subscribers and any new subscribers that retain our service.

3. A detailed description of whether and how the provider has distributed to all subscribers warning stickers or other appropriate labels warning subscribers if E911 service may be limited or not available and instructing the subscriber to place them on and/or near the customer premises equipment used in connection with the interconnected VoIP service. This information should include, but is not limited to, relevant dates and methods of contact with subscribers (i.e., e-mail, U. S. mail);

- a. Each letter sent to our subscribers on July 28, 2005 and July 29, 2005 included the warning sticker. A copy of such sticker is attached as Exhibit D.

4. A quantification of how many subscribers, on a percentage basis, to whom the provider did not send the advisory described in the first bullet above and/or to whom the provider did not send warning stickers or other appropriate label as identified in the bullet immediately above;

- a. We sent the warning stickers and advisory to 100% of our current subscribers.

5. A detailed description of any and all actions the provider plans on taking towards any of its subscribers that do not affirmatively

including, but not limited to, disconnecting the subscriber's VoIP service with the Company no later than August 30, 2005;

a. We have contact all subscribers by phone each of our subscribers as well as will be sending e-mails directing them to the 911 pages to verify their address and acknowledge the limitations of our 911 services. Should any future subscriber not acknowledge that they are aware of the 911 situation or fails to verify the address in the 911 section of our web site, they will receive a letter giving them a short deadline to do so otherwise their service will be disconnected by August 30, 2005 or any other future date, if they are new subscribers. However, upon signup, their addresses for 911 purposes are verified.

6. A detailed description of how the provider is currently maintaining any acknowledgements received from its subscribers; and

a. We keep the return receipts from our first mailing in a physical file. Those that will acknowledge the limitation of our 911 service on the internet, their record will be kept on our database and a report will be created. When we send out an ATA unit we will include a letter requesting their signature to be returned to us, should they prefer not to do so online.

7. The name, title, address, phone number, and e-mail address of the person(s) responsible for the Company's compliance efforts with the VoIP E911 Order.

a. Andrea Simoes, 73 Ferry Street, Newark, NK 07105, email asimoes@tufone.com, telephone numbers – 1-973- 954-5800.

CONCLUSION

I believe we are in compliance with the above referenced Order. Please note that we have entered into a contract with HBF Group, <http://www.hbfgroup.com>, to provide for our subscribers the ultimate E911 solution, which would provide the appropriate protection for all VOIP subscribers of Tufone, Inc. We are of the opinion that that the safety and security of our subscribers is foremost.

If you have any questions please do not hesitate to contact me directly at either the above number or address, or on my cell at 201-232-0467

Very truly yours,

Moses Apsan
President
Tufone, Inc.

Exhibit A

Exhibit A

1. Call 1-877- Tufone1 and ask the operator to "activate" your 911 service; or
2. Log into your Web Account at www.tufone.com. From your Dashboard, click on the "911" link from the menu and follow the directions.

Enclosed is a "Warning Sticker" that has to be place on your TUFONE telephone Adaptor.

Sincerely,

TUFONE Customer Care

**FONE, INC.
73 Ferry Street
Newark, NJ 07105
1-877-tufone1**

July 28, 2005

Dear Tufone Customer:

A recent FCC ruling requires that all VOIP providers explain clearly the difference between the 911 services provided by companies like Tufone and the E911 by traditional carriers. There are some definite differences between these two types of 911 services. Specifically for Tufone, these are the differences:

1. Firstly, 911 dialing is not automatically setup for use. You must fill out a form that inform us of your physical address in order to activate our 911 service;
2. Once you have activated Tufone's 911 Dialing, we use the address you provide to locate the nearest emergency response center and then sends your call to a general number at that center, which may not be opened at all hours. Some local emergency response centers do not have their general numbers manned by live operators 24 hours a day. We have contracted a Third Party Company who will receive your call first and a trained agent will contact an emergency center near you to dispatch help to you.
3. When the 911 centers receive your call, the operator will not have your address and may not have your phone number on hand. This is why it is most important for you to give that information to Tufone, so that it can be forwarded to the 911 centers, should you require 911 services.
4. If you do not activate your 911 Dialing Tufone is unable to send your call to a live operator at your local emergency response center.
5. Also Tufone's 911 Dialing service does not function in the event of a broadband or power outage.
6. Unlike traditional phone service, you can use your Tufone adapter anywhere there is a broadband Internet connection. So if you are taking your Tufone adapter on a trip, you MUST update your new location otherwise any emergency call will be routed to the address you have listed in your personal account page. If you travel outside the U.S., you may not update your 911 address to the foreign address. Tufone 911 service only works within the United States.
7. In order to update your 911 information, it is recommended that you call 1-877-tufone1 and speak to a live operator. You can also access your personal page and update the 911 information. Note, that changes to the 911 setting done on the Internet may take several hours to update. If you cancel your number or change it, you will have to activate 911 dialing again.

Note that it can take several hours before your new settings take effect. Remember, when you add a line, change or cancel number your number, complete your portability request, you will need to activate 911 Dialing Again.

WARNING LABELS

We are enclosing a warning label to attach to the TUFONE Device. Please peel off the label and attach it.

We are sorry for any inconvenience.

Very truly yours,

Moses Apsan
President, Tufone, Inc

911 CONTACT INSTRUCTIONS

Hello, I am _____ from Tufone.

The purpose of this call to make sure that you clearly understand the 911 features Tufone provides to its customers.

A recently announced ruling by the FCC directs all VOIP telephone companies to make sure that all customers have a complete understanding of the 911 feature offered.

1. Tufone 911 dialing is NOT automatic. You must first activate the 911 dialing feature. For most of our customers this procedure will not be necessary as we have already placed that information in your file when you registered.
2. **Please give me a minute to verify that we have the proper information.** I have _____ listed as your address, in the case of an emergency, is this correct? (NOTE if not correct, then correct as you speak). Thank you.
3. Let me explain the difference between Tufone 911 and the traditional 911.
4. Tufone uses the address you provide to determine the nearest emergency response center and then sends your call to a general number at that center, which may not be manned at all hours.
5. When the center receives your call, the operator will not have your address and may not have your phone number on hand. For this reason it is most important that you provide that information in order to get help.
6. Tufone has contracted with HBF Group, Inc., North America's E9-1-1 technology leader, (www.hbfgroup.com) to determine the nearest emergency response center and then send your 911 calls to a general number at that center. When the center receives your call, the operator has the option to view your address and number via a web-page. However, the operator may not have your address immediately viewable and may not have your phone number on hand, so you must provide that information in order to get help.
7. Also note that if you move your device to a different location you must update your 911 information with your new address. You will not be able to reach your local emergency response center until we confirm that your location has been registered or updated.

Do you have any questions? Did you understand what I explained?

Thank you.....

IMPORTANT INFORMATION ABOUT 911 EMERGENCY DIALING

Dear Tufone Customer,

The purpose of this letter is to make sure that you clearly understand the 911 features Tufone provides to its customers.

A recently announced ruling by the FCC directs all VOIP telephone companies to make sure that all customers have a complete understanding of the 911 feature offered.

What is the Difference between Tufone 911 service and Traditional 911 service?

TUFONE offers a limited 911-type service available only on TUFONE Devices. There are specific differences between the Tufone 911 service and traditional 911 services. These are the basic differences:

1. Tufone 911 dialing is NOT automatic. You must first activate the 911 dialing feature by following the instructions from the "911" link on your dashboard or call Tufone at 1-877-TUFONE-1 and speak to a service assistant. For most of our customers this procedure will not be necessary, as we have already placed that information on your file when you registered, but please **contact Tufone and verify that we have the proper information.**
2. Tufone uses the address you provide to determine the nearest emergency response center and then sends your call to a general number at that center, which may not be manned at all hours.
3. When the center receives your call, the operator will not have your address and may not have your phone number on hand. For this reason it is most important that you provide that information in order to get help.
4. Tufone has contracted with HBF Group, Inc., North America's E9-1-1 technology leader, (www.hbfgroup.com) to determine the nearest emergency response center and then send your 911 calls to a general number at that center. When the center receives your call, the operator has the option to view your address and number via a web-page. However, the operator may not have your address immediately viewable and may not have your phone number on hand, so you must provide that information in order to get help.
5. Also note that if you move your device to a different location you must update your 911 information with your new address. You will not be able to reach your local emergency response center until we confirm that your location has been registered or updated.
6. Tufone's 911 Dialing service will not function in the event of a broadband or power outage.

To configure your account for 911 services you may:
